- Importing and Exporting of DXF, DWG, XLS, BMP, and JPG
- Tabular editing of lighting information including channel, dimmer, colour, etc.
- Fully integrated paperwork and CAD systems
- Error checking of production paperwork and hookups
- Reports including instrument counts and schedules, patch sheets, etc.
- Printing of plots and reports up to 36" x 48" / A0
- Custom report and plot content and layout
- Ability to print all view types including CAD, reports, spreadsheets, bitmap files, and logos
- Legend and key wizards
- Multi-monitor support
- 12 months of maintenance, software and library updates included

Minimum Requirements

- Pentium or compatible processor 1GHz or better
- Windows 2000, ME, or XP
- 64MB RAM
- 400MB free disk space
- 1024 x 768 or better resolution
- Free USB port

Upgrade Suggestions

A faster processor improves responsiveness. Memory requirements depend on the size of the show. Insufficient memory can seriously affect performance. Add memory if there is excessive disk activity.
